Jennifer Awburn			2640	Australia	2022-07-26	"Agree with the stated reason and additionally teens don't want to be getting changed down to their underwear in the presence of other teens. It's just unnecessary the PE uniform is very nice and it costs a lot to only wear it for one lesson. I will have to buy an extra formal shirt if this policy stands."
Kaia Altman	Mount Beauty		3699	Australia	2022-07-26	"I'm proud of you mum, and I agree! This rule is ridiculous."
Caitlin S			2000	Australia	2022-07-26	"I agree with the reasons you have listed Janet, thanks for laying them out. I know for my daughter she finds it stressful having to lug the extra uniform around in her bag that is already very heavy and cumbersome. Changing in and out of the formal uniform is time consuming and she feels anxious about doing this within the time permitted (so much so that she wears her sports pants under her winter skirt to make changing uniforms quicker). I believe that the sports uniform looks very presentable and up to private school standards so I don't understand the issue with Trinity kids wearing it on their travels to and from school."
Catherine Giltrap			2640	Australia	2022-07-26	"There are a lot of really good reasons why this should occur. We haven't got through Covid yet, there are still a lot of disruptions and for a number of kids and parents, it is stressful dealing with the double uniform. Lets avoid this stress. I am also concerned about the time wasted in PE as they change. Please reconsider the need for taking PE uniform to school."
Amandah Couch			2640	Australia	2022-07-27	"All reasons previously mentioned & a number of personal reasons & priorities."
